Yuliia Lysanets (PhD) - Associate Professor
Department of Foreign Language
Poltava State Medical University
Ukraine

Dear Professor Yuliia Lysanets,

I'm writing on behalf of the Management Science Unit at the University of Sri Jayewardenepura to express our sincere gratitude for the "Academic Writing" training session you led for our students. We appreciate your assistance in helping our students improve their professional abilities through this training. The seminars were inspirational in addition to being very informative. Dr. Anuradha Iddagoda and I are grateful for the contribution to our unit's professional growth.

Students' viewpoints in their profession have been expanded by the experience, which was incredibly valuable. Your level of experience was outstanding, and the practical sessions were insightful. I appreciate the effort and commitment made to our students' career development.

I would like to extend an invitation to you on behalf of the unit and our faculty to lead a few additional sessions annually as part of a continuous program to help our students and prospects build professional academic writing and communication skills. Your commitment and support will be much appreciated.

Once again, I want to thank you for this opportunity to learn.

Yours Sincerely,

Dr. Kamal Gnanaweera (Ph.D.- TPU, Japan)
Coordinator- Management Science Unit / Senior Lecturer- Management Science,
Math Department, Faculty of Applied Sciences,
University of Sri Jayewardenepura,
Sri Lanka.
